Hi Christine,

This is additional bite info for the hearing.

Also it should be noted that this dog "Spike" has not ever been licensed in Acton from 2008 to 2012 . She has been cited twice by me for this bylaw violation, but I don't know how the town clerk proceeds with unlicensed dog in the town for years 2008-2011.

I have noticed that the dog was listed on the town animal census in 2009 but don't see it listed for 2008,2010,2011 or 2012 . On the census that town send out yearly, the residence at 263 Arlington street do not acknowledge that they own a dog.

Thanks

Tack

Nina,

After you read the reports tell me who you will want as police witnesses other than Tricia Sullivan. I know she handled at least two of them.

Also, how do you want the civilians notified of the hearing? Is Christine sending them letters or is a phone call sufficient?

Christine, let me know what the scheduled time is for the hearing on June 4<sup>th</sup>.

Frank

Hi Frank,

There is a dog "Spike" that belongs to Jessica Boutin of 263 Arlington Street Acton that this morning was involved in a dog bite incident.

This is the third such bite incident involving this dog since 2010. The owner is often very "none responsive" and is a chronic offender of not Licensing the dog in the town of Acton. The dogs is also not current with a state mandated Rabies vaccination.

The owner has been recently cited for a E-23 and E-24 dog bylaw violation (4-21-12) and is now involved in another bite incident 14 days later.

I have again cited the owner for a E-23 and E-24 violation and again quarantined the dog for a 10 day state mandated period of time.

At this time I have no evidence that the owner has licensed or vaccinated for Rabies the above named dog "Spike".

I believe that this needs to be addressed at a selectmen's hearing in the near future.

I think any correspondence with Jessica Boutin should be delivered "in hand" as she is very hard to get in touch with by phone.

Thanks

Tack

On the above date and time I received a phone call from Lynne Newman , the principal of Gates School. Lynne reported that one of her students had been bitten by a dog while bicycling to school this morning . I then asked for the child's name and information. Lynn stated that the victim's name was Hans Friedrichs (Grade 6, Age 11)) and resides at 630 Massachusetts Ave. in Acton. She then mentioned that Hans told her that as he was biking to school today he observed a young boy walking his dog ( in the area if the Savory Lane Restaurant) . As he approached the dog, the dog jumped up and bit him in the pinky finger (he was wearing gloves) .He then told Lynne that the boy walking the dog also goes to Gates and his name is Jeremiah. Lynne was able to research the name and found that the young boy Hans mentioned was Jeremiah Bouton and resides at 263 Arlington St in Acton . Lastly, Lynne reported that Hans would be going to the doctor's (Concord Hillside -Dr. Jenkelson) at 10 a.m. this morning .

I then telephoned Jeremiah's house and left a message for his mother Jessica Bouton to call me back. After approximately 5 minutes I received a call from Jessica . Jessica stated that her son Jeremiah had let the dog out to go to the bathroom. During this time the dog's leash slipped out of his hands and the dog jumped up at a young boy that was biking by . Jessica said that the dog has never bit anyone and she thought that the dog just lunged at the boy. She then told me that the dog , Spike, belongs to her Ex Partner , Erin Kennedy and she did not know if the dog was up to date on all his shots. Jessica then stated that she called her vet's office and they were going to call her back. I then asked Jessica for the Vet's name and phone number. She told me that "Spike's" vet is Dr. Kelgor from Littleton Animal Hospital . I informed her that I would give her a call back after I followed up with the vet.

I then telephoned the vet's office and spoke to the receptionist Judy. Judy informed me that the dog was a Jack Russell Mix and was last vaccinated for Rabies and other illnesses on 4/23/08. She also told me that to her knowledge the rabies shot expired 1 year later 4/23/09 . I then had her fax over a copy of the dog's records.

I then went to Gates school where I spoke with Lynne and advised her of my findings. I told her that the Dog Officer , Tac Palmer would be requiring Spike to be quarantined for 10 days . Lynne stated that she would call Hans's mother and let her know right away.

After returning to the police station I forwarded all this information to Tac Palmer, Acton P.D Dog Officer. He advised me that the dog's owner was listed as Erin Kennedy and "Spike" was not licensed for 2010. He then told me he would be issuing a 10 Day quarantine (per State Law) for the dog and a \$25.00 By-Law Citation for failure to license the dog . I then telephoned Lisa Friedrichs and told her that the dog would be quarantined for 10 days. She then told me that the doctor wanted to have Hans receive the Rabies shots , as the bite had broken thru the skin and his hand was swollen . Lisa reported that she will be going to the hospital tonite around 5 p.m. for Hans's first 2 shots. He then will have 3 more shots over the next few days.

Lastly, I called Jessica back and informed her that she would be hearing from Tac Palmer today and that the dog would need to be quarantined for 10 Days, she agreed. I also informed her that she would need to get the

dog up to date on it's shots after the 10 days .

I then followed up with Tac who informed me that he had sent out today the 10 Day Quarantine paperwork as well as the citation.

A copy of the dog's paperwork has been attached to this report.

This officer will follow up with Tac and Jessica in 10 Days. This matter is still under investigation.

On the above date this officer spoke with Tac Palmer . He informed me that this morning he spoke with Spike's current owner Jessica Boutin and she reported that Spike was healthy. I then telephoned Jessica and spoke with her regarding the dog. Jessica apologized and stated that , "as of today , the tenth day of the quarantine , Spike was fine and she will be calling Littleton Animal Hospital this afternoon to set up an appointment

Lastly, I contacted Lisa Friedrichs and advised her that the dog did not have rabies and the owner was bringing the animal into the vet to update it's shots. While speaking with Lisa she told me that her son's doctor did not make Hans have the rabies shots but, did place him on antibiotics.

On 1/29/11 at about 12:52 p.m. this officer was dispatched to the station lobby to take a report of a past dog bite.

Upon my arrival, this officer spoke with Jill Tomasello, who related that she lives at 283 Central St, the condos at the

intersection of Central St. and Arlington St. She then related that about two weeks ago, the date of the last big snow

storm, her neighbor's son, Jeremiah Boutin, was out walking their Jack Russell Terrier, out on the condo grounds. As

the boy and the dog approached her, the dog started pulling at the leash and was barking and bearing its teeth at her.

The dog was then able to break free from the boy and ran right at her. She indicated that she put her right hand out to

stop the dog, and the dog bit her right hand, taking the mitten off of that hand. The boy was then able to gain control

of the dog and took it back to his condo. Ms. Tomasello related that she did not suffer any injuries.

While on patrol in west I met Mr Richard Cowett of Boxboro in front of #263 Arlington St at his request and Cowett related the following. Yesterday (Saturday 04-21-12) Cowett claims that he was walking his dog on Arlington St when a small white and black dog ran out of the door at #263 and attacked his dog Cowett states that he leaned over and picked up his dog and was bitten by the strange black and white dog. Cowett states that his left hand skin was broken in three separate spots and that he went right home cleaned his wound but did not report the bite to Police. Cowet states that he would like me to stand by while he gets the info from the dogs owner. Cowett knocked on the door and a Jessica Boutin came to the door stated that she was the dog owner and got paper work in another room from Littleton animal hospital showing that the dogs shots were effective until February of 2012. On 04-23-2012 I called littleton animal and they informed me that the expiration date for the shot was February 2012 and no record after that. I notified Tack Palmer and called Mr Cowett.

On the above date and time I was notified by the Gates School counselor ( Jen Burke ) and school nurse ( Diane Spring ) that a 10 yr old girl , Morgan Banta-Ryan had been bitten by a dog while walking to school. Morgan reported to the nurse that she was walking to Gates school when she bent down to pat Jeremiah Boutin's dog . A this time she was bitten in the left palm, wrist and right elbow. The nurse treated her injuries and contacted the Board of Health, as well as Morgan's mother Cheryl. Morgan was then released from school and taken to her doctors as a follow up.

According our in house records there have been other incidents involving this animal with the most recent being on 4/22/2012 ( bite ) , 01/29/2011 (bite) and 12/7/2010 (bite) . During the report on 4/22/2012, Officer P. Cogan confirmed that the dog had received it's shots from Littleton Animal Hospital but, they expired on 2/2012. I then contacted Dog Officer Tack Palmer and informed him of the situation. I also contacted both Jessica ( owner ) as well as the victim's mother, Cheryl. I am still awaiting a call back from all parties.

On 5/7 , Tac Palmer advised me that the dog had been placed in Quarantine after the bite on 4/22/2012. He also stated that after the above incident he received the dog's medical records from Littleton Animal Hospital . Tac then told me that the medical record states that the last rabies shot was done in 2009. He also informed me that the dog is not licensed and he has mailed a citation to the home regarding the licensure, as well as the bite.

I then contacted Cheryl Ryan , the mother of Morgan. She informed me that her daughter had been medically treated on Friday after having been bit. She also reported that Morgan's doctor was not concerned about the dog having rabies (as it had just been released from quarantine. ) Cheryl also told me that, " this was a very sensitive issue for her daughter as the boy involved ( Jeremiah ) is a friend and classmate of hers and her daughter is worried something bad will happen to the dog."

The dog's name is Spike and he is a Jack Russell Terrier.  
At approximately 09:00 a.m. I telephoned Spike's owner, Jessica and went to the residence.
